- Amazing on CV
- Learn about the department (and academia in general)
- Practice skills

Notes:

- Anyone in CS or CE can be an officer.
- Terms run by calendar year
(So MS/MCS students would need to run this Nov/Dec.)

Grad students as a group are well known to have significantly higher mental health issues than the general population.

This is perfectly logical and expected - we self-select highly driven people and then put them in incredibly stressful roles.

Why:

- Finding a good match
- Finding co-advisors
- Finding backups

You can do all 3 rotations without repercussions.

- The department spends a lot of money to make sure you get this opportunity.
- If you feel this isn't the case, please let us know.
